Each horse shall be ridden at the fences in turn, according to a list prepared by the Master of the Ring.

When a horse makes two faults at one jump, only the major fault will be counted. Refusals will be counted in addition.

Judges of scores may order any horse from the ring when it has no further chance of being placed in the ribbons.

Horses will be judged in taking the jumps according to the following scale of faults :

Knocking down obstacle with hind limbs 2 faults

Knocking down obstacle with front limbs	3 faults
Horse or rider, or both horse and rider falling	4 faults
First refusal or bolting at any one jump	2 faults
Second refusal or bolting in succession at the same jump	3 faults
Third refusal or bolting in succession at the same jump	Debarred
Failing to jump obstacles in the order indicated	Debarred
Turning a horse around between jumps will count for each offence	1 fault

Ticks will not be scored; no "slip filets" will be placed on the obstacle and no faults will be scored against a performance for a "touch" with the fore or hind limbs without knocking down obstacle.

When a horse makes a bad jump, the judge will use his own discretion as to the number of faults to be awarded (in addition to those indicated above), and in making his awards will consider the manners, form and cleverness of the competing horse.

The same pace should be maintained throughout.

Horses will not be allowed to walk up to the jump for sighting purposes, unless jump is over 4½-ft.

50 Years A=Growing

In many Saskatchewan communities, the local agricultural society was one of the first organizations set up by the pioneers. They understood the value of a Fair in promoting agricultural and community development.

The annual Fair still serves the community and the province as a show window for agriculture and industry.

Long may it flourish !
